Keywords
Publications, By Topic, CLIP Group

Acknowledgements
The work presented in these papers has been carried out in collaboration with numerous other researchers (co-authors of the papers) and institutions, and has been funded in part by a number of public and private agencies. Please refer the CLIP group list of funded research projects for a list of such institutions.
Abstract

This document provides a unified list of publications by the CLIP group members, classified by research topic (as well as by type of publication – journal, book, invited, workshop, etc.). A list of publications classified by year of publication is also available. Please note that this document is generated automatically and periodically from the group database and may contain repetitions, omissions, and other errors. We ask for understanding with these errors and at the same time will very much appreciate any pointers to them.

Resumen

Este documento proporciona una lista unificada de las publicaciones de los miembros del grupo CLIP, clasificadas por temas (así como por tipo de publicación – revista, libro, invitado, workshop, etc.). También se dispone de una lista de publicaciones clasificadas por año de publicación. Este documento se genera automáticamente y de forma periódica a partir de la base de datos del grupo y puede contener repeticiones, omisiones, y otros errores. Rogamos comprensión con estos errores y apreciaremos que se nos señalen.
## Contents

1. Publications in Verification, Specification, Testing, Debugging ........................ 1
2. Publications in Program Analysis ...................................................................... 18
3. Publications in Program Specialization ............................................................. 51
4. Publications in Resource Consumption Analysis and Optimization .................. 59
5. Publications in Analysis of Smart Contracts, Blockchain ............................... 70
6. Publications in Automatic Parallelization ......................................................... 71
7. Publications in Task Granularity Analysis and Control .................................... 82
8. Publications in Parallel Execution Models and Task Scheduling ....................... 85
9. Publications in Distributed/Internet Execution, Agents, and WWW .................. 93
11. Publications in Program Execution Visualization ........................................... 100
12. Publications in Programming Language Design ............................................ 102
13. Publications in Concurrency, Dynamic Scheduling, and Concurrent Languages ... 120
14. Publications in Constraint Programming ....................................................... 124
15. Publications in Programming Language Implementation ............................... 130
17. Publications in Component-Based Software Development ............................ 156
18. Publications in Open Source Software ............................................................ 157
19. Publications in Simulation of Parallel Systems ............................................... 158
20. Publications in Teaching .................................................................................. 159
21 Publications in Quality of Service 160
22 Publications in Services 162
23 Publications in Service Aggregation and Composition 165
24 Publications in Graphical Communication 167
25 Publications in Diagrammatic Reasoning 168
26 Publications in Research Policy 169
27 Publications in Other Topics and General Publications 170
1 Publications in Verification, Specification, Testing, Debugging
